## From the CEO's office

Dear Reid Traditional families,

The Arizona Charter Schools Association has a new tool to help parents become aware and involved in legislative issues affecting charter schools. We believe you care about charter schools enough to want to express your concerns to your government, but perhaps you just don't know who to contact or how to make your voice heard. The Phone2Action platform will overcome those hurdles so that you can easily participate in the legislative process.

When an issue arises that we believe you, as a charter school parent, would be concerned about, the Association will send you an email or text to let you know about it. That message will include a brief description of the topic and suggested wording supporting the charter school position. The Phone2Action platform will supply links so it is easy for you to contact your representatives with your informed comments.

This is an exciting opportunity for you to get involved in state issues in a guided, efficient manner - with a minimal time commitment.

Become a charter school advocate by signing up today. It's easy! Take out your cell phone and

**Text AZCHARTERS to 52886**

Thank you for your willingness to speak up in support of charter school issues.

-- Heidi Mitchell, CEO  
Reid Traditional Schools
